IPC Papers No. 9

Estancia in Transition: Economic Growth in a Rural Philippine Community

David L. Szanton assesses the growth of Estancia, Iloilo, from an insignificant fishing community to an important production and marketing center for the fishing industry of the Philippines. This anthropological study takes into consideration not only the accepted indicators of growth but also the social and cultural conditions such as those Szanton found in Estancia.

6 x 9 / 113 pages text / 11 pages illustrations/paperback/P10.00 in the Philippines/ US \$2.75 abroad

IPC Papers No. 10

Modernization: Its Impact in the Philippines V

Patricia B. Licuanan presents her findings on the influences of industry and mass media on Filipino adolescents; *Ronald S. Himes* defines the limits of the Tagalog lexical domain covered by the term *sakit*; *Susan M. Bennett* points out possibilities of modifying certain aspects of the home and school for the purpose of improving the creativity of children; *George M. Guthrie* reports the differences in responses to various personality problems of Filipinos and Americans and relates these to their cultural contexts; *Alfred B. Bennett, Jr.* reports on the effects of modernization and religion on Filipino corporation managers; *Richard L. Stone* presents his interpretation

of typical Manilans' attitudes toward cop corruption and attempts to explain corruption in terms of traditional and modern attitudes of ownership; *Christoph von Fürer-Haimendorf* compares the hill tribes of the Philippines with those in Northeast India.
