

THE STATISTICAL TRAINING CENTRE

Implementation of the Supplementary Agreement No. 17 entered into by the United Nations and the Government of the Republic of the Philippines on December 11, 1953, began effectively since the arrival of Mr. Max Lacroix, Expert Statistician of the United Nations. Under the terms of the Agreement a Statistical Training Centre will be established in Manila "with a view to contributing to the development and maintenance of a high level of efficiency in the statistical activities in the Philippines". Other expert statisticians of the United Nations will arrive later; the Statistical Training Centre may begin operations by June this year.

More details will be given in subsequent issues of The Philippine Statistician.
