

### POLICY ON SUBMISSION

The *Philippine Statistician* is the official scientific journal of the Philippine Statistical Association. It aims to publish a wide range of papers of technical, theoretical or applied statistical nature and considered of general or special interest to varied groups of statisticians. Manuscript must neither had been published or are being elsewhere considered for publication. They will be refereed. Two well-typed complete hard copies or a diskette copy of the article using Microsoft Word should be sent to the Editor, *Philippine Statistician*, Philippine Social Science Council/Commonwealth Avenue, Diliman, Quezon City, Philippines. To avoid delays and difficulties in publication authors should follow instructions on style given in "notes for authors" found at the last page.

### PHILIPPINE STATISTICAL ASSOCIATION (PSA)

The PSA was organized in 1953 to promote the development of the statistical profession in the country and the improvement of statistics in all relevant fields of scientific application. Membership in the Association therefore, while selective, is not limited only to professional statisticians but is also open to all kinds of professionals in various disciplines and institutions with serious interest in the sound application and use of statistical methods or theories in these fields.
