

SAS, the leader in business intelligence software, understands...

It's where everyone wants to be.

The same page.

Heroic efforts are expected from you – to be more citizen-centered, results-oriented and accountable than ever before. All while doing more with less. Meeting those goals demands a fully integrated, repeatable solution for sharing information that gets everyone on the same page. SAS® software transforms data from across your organization into mission-critical intelligence through a single, scalable platform that easily integrates with the existing IT infrastructure. So you can deliver insight to every decision maker while optimizing performance and reducing the cost of ownership.

OUR CORPORATION IS A REFLECTION OF OUR PEOPLE.

The key to our success lies in the capability
of every single employee to contribute in an organization
that gives high premium to customer satisfaction.

Our commitment to serve our public is reinforced
as we continue to find inventive ways of engaging
the Filipinos in exploring and experiencing different
media that could touch and affect their lives.

Behind every top-rated show,
certified box-office hit, multi-platinum record
is an ABS-CBN team.

People who dreamed and made it happen...
who dared and succeeded.

Now, more than ever,
we are committed to the highest standards of performance
and quality required to serve as the hallmark of
Philippine broadcast industry...

We are ABS-CBN.

FILIPINOS IN THE SERVICE OF FILIPINOS WORLDWIDE.
